Continuation of 10. Other (including any explanation in support of the above items):

1. Improper Headings: The brief contains improper headings that are not required under 37 CFR 41.37. The heading "Issues" should be renamed Grounds of Rejection to be Reviewed on Appeal. "Grouping of Claims" should be combined with Arguments.
2. Status of Claims: This section should list the status of all the claims involved in the application. This section should also explicitly identify the claims involved in the appeal.
4. Summary of Claimed Subject Matter: The independent claims 2, 16, 19, and 24-26 should be mapped to the specification by page and line number, paragraph number, or to the drawings, if any.
6. Arguments: This section should include a separate heading for each grounds of rejection listed in the Grounds of Rejection to be Reviewed on Appeal section. This section may include heading for claims argued separately.
8. and 9. Evidence Appendix and Related Proceedings Appendix: These two sections are missing from this appeal brief. If nothing is being submitted with these two sections, an indication of "NONE" is required..
